ABOUT US

Leaps and Bounds™ Occupational Therapy Summer Camp has been providing services in the DC Metro area for over 15 years. We utilize an individualized approach to play via a small child to adult ratio, which supports a unique, motivating, and graded developmental experience. One other characteristic that sets us aside from other programs include inside/outside spaces for motor activities (i.e., bike riding and sports).

If you are interested in attending the summer program or would like more information, please contact:
